
Happy anniversary IWA! By Anna Magyar

- May Coffee Morning

As IWA members we are looking forward to attend our traditional monthly coffee mornings. Especially if there is a special occasion. The good company makes every gathering very peculiar, but in May we had something very unique. We celebrated the 14th anniversary of IWA club! We could not find better place to celebrate than the beautifully decorated George & Dragon Cafe. Hence we knew that the owner, Patricia is one of the founder of the club. She has been a valuable member since the formation, so it was implicit she had the honor to open our assembly. She happily looked back to all those years when IWA club was able to "Connecting - Caring - Contributing" and making so many members life so much happier, easier in JB and it never

forgot others who needed help.

After a short reminder of IWA history we had our lovely and festive lunch. While sharing old stories and introducing the club to the new members we

enjoyed our delicious meal. The historical decoration of the restaurant was perfect background for this occasion. No anniversary can be celebrated without a cake. Singing happy birthday and sharing the cake was the major affair of the day. Thank you for you all who made it possible!
Happy anniversary IWA! Many happy years to come!
