

### TRIP TO KOTA KINABALU, SABAH

The weather is so hot but sunny fine weather throughout our 3days trip. The place is clean and most of the things are similar to what we have in Johor Bahru so we didn't shop much. There are many shopping malls such as Suria Sabah, Centre Point Sabah, 1Borneo and others.

We visited their largest market (Pasar Besar Kinabalu) and their dried prawns are so fresh so we bought some back. Lots of fresh vegetables and saw these special gingers with so many fingers shapes are so unique.

We also visited the Muzium Sabah and have our seafood dinner, it was fresh and delicious, not expensive.
