

## SEA GYPSY VILLAGE – PULAU SIBU

Just 1 1/2 hour drive to Tanjung Leman and from there 15 minutes by speedboat to the island of Sibu – and the holiday can begin !

Sea Gypsy Village is a family-run resort with a friendly staff. We booked a package deal that included breakfast, lunch & dinner. The menu was a variation of Asian and Western dishes.

There were chalets on stilts, which looked cozy, but which unfortunately had already been taken by the time we made our booking

The resort arranged activities for the guests every day. Our weekend program included snorkelling, discovering scuba diving and lots of swimming in the sea.

We also took strolls along the beach and wandered through the jungle.

Having a cold drink at the bar, with a view of the sea, was the perfect way to end a wonderful day.
